REPORT OF THE HEALTH OFFICER

TOWN OF CHARLESTOWN 1967

This past year has been unusual in that there has been a low number of complaints for the Health Officer to investigate. This makes the job a little more pleasant and leads me to believe that our health and nuisance problems are on the decrease.

Ths usual number of water samples were taken in both Charlestown and North Charlestown with the results all being satisfactory. The swimming pool was tested each week throughout the swimming season. Through the co-operation of the Recreation Committee, each time the pool became contaminated it was drained and refilled and therefore was kept open for a full season.

The annual rodent extermination program was carried out early in the fall at the town dump. The results were very satisfactory and I believe that the rodent population at our dumps has been greatly reduced due to the consistency of this program.

I wish to thank the Town Officers, Water Department, and the citizens of Charlestown for their cooperation in the past year.

Respectfully submitted, David T. Henry

Although the circulation figure remains basically the same as that of last year, it will be noted that there is an increase in the circulation of juvenile non-fiction. Juvenile non-fiction has tripled in circulation in the past five years. The circulation of adult non-fiction has nearly doubled in the past five years, although it is down slightly this year.

There has been a greater use of periodicals during the past year.

The Friends of the Library produced puppet shows and story hours during the summer.

The Charlestown Garden Club has continued their service of furnishing decorations throughout the year.

Report of Trustees

The gradual increase in the circulation and reference collections and in use of the library indicate its increasing value to the town. However, each step forward aggravates the already critical shortage of space. Even now there is not shelf space for all the books and, frequently, not room for all the patrons.

The trustees have had preliminary plans prepared for an addition of the most modest size and type that would qualify for Federal aid. The architect's cost estimate is such that, with maximum federal aid, the cost to the town would be about $60,000.00. The trustees have felt that under present conditions they could not ask the town to assume that burden.

The trustees are exploring all other possible solutions that have any merit. Some of them would result in increased annual operating expenses.

T. R. A. REPORT

The T.R.A. work was done on Lovers Lane. The work consisted of graveling low spots, applying farmers mix, about four inches of tar and gravel, then sealing with a one-fourth gallon to the square yard later. Also, the stones from the gravel were picked up. About 248 ft. of fence was installed, the banks were raked down and seeded with grass seed.

HIGHWAY DEPARTMENT

The year started out as usual. Snow, cold and plenty of plowing, sanding and salting. Also, snow removal from the streets. Not only were the highways plowed, but we also plowed the school yards, cemeteries and churches.

In the spring we graveled Town Farm Hill, Burrough Road, Hackett Swamp Road, Never Never Land Road and parts of other roads. We installed and lengthened 15 culverts. Graded all dirt roads, cleaned all culverts and all ditches.

The summer work consisted of patching all tarred roads with cold patch and preparing for tarring. The roads tarred were Morningside Lane, part of Acworth Road, River Street, Bridge Street, North West Street, Catholic Hill, Depot Street, part of East Street Extension, also Elementary School yard. Part of Perry Ave. was scarified, relayed and tarred.

Work was also done on T.R.A. which is in another report.

Not as much work was accomplished as wanted to be because of lack of help. For about three months the Highway Department had only three men and the Road Agent in employment.

The fall work consisted of grading dirt roads, cleaning leaves from the ditches and culverts, putting up snow fences and preparing equipment to get ready for winter.

Winter again! Plowing, salting and sanding all over again. The Highway Department enjoyed serving the citizens of Charlestown and are looking forward to serving you again this year.

Respectfully yours,

Ernest Keneson,
Road Agent

CHARLESTOWN MEDICAL BUILDING ASSOCIATION

Trustees: Charles Dalzell, Chairman; William Colson, Vice Chairman; Barbara Freese, Sec.-Treas.

The Charlestown Medical Building continued to be leased by Dr. Jones and Dr. Merriam who operated it under their incorporated name of "The Charlestown Medical Center".

The landscaping was completed with the exception of a maple tree to be added on the corner of Elm St. and Arbor Way in the spring. The development of the present landscaping to its final form, as far as trimming is concerned, will be done as the various shrubs grow to maturity. This development is included in the initial contract price.

The Hoyt fund has made available a grant of $500.00 for paying, which has been set aside until final plans can be made concerning paving.

The Charlestown Visiting Nurse Association has expanded its service recently and will continue, with the town's support, to add additional services. This will result in that Association making good use of the room reserved for them in the building.

Our Sec.-Treas. has been very active and successful in obtaining art exhibits to be displayed in the waiting room over the past year. Those artists who have exhibited through December 1967 are: Paul Lewis, Norma de Castillia, M. Bessie Gates, Nettie Mack, Lou Parsons, Marion Perry, Alease Barber, Julie Wetherell, Mary Lou Colson and Barbara Reese. Our sincere thanks go to those who have exhibited their works thus far.

Respectfully submitted,

Charles Dalzell, Chairman

DOES THE DARTMOUTH-LAKE SUNAPEE REGION ASSOCIATION DO ANYTHING FOR CHARLESTOWN?

The Dartmouth-Lake Sunapee Region Association was formed in 1936. It was one of the first organizations of its kind in the United States. Some of the things it has done and is doing are:

1. Worked to establish Mt. Sunapee State Park and Beach.
2. Helped open up Pillsbury State Park.
3. Works for Lebanon College.
4. Fought for the Regional Airport in Lebanon.
5. Supports Fort #4.
6. Helped establish MPB in Charlestown.
7. Gives leadership to the Connecticut River Valley Watershed Council.
8. Actively is promoting stream purification.
9. This year the Association is conducting a survey of the industrial and recreational potential of all the towns in the region. The selectmen and planning committee of Charlestown have completed this survey and were the first town to complete and return it to the region office in Lebanon.
10. Charlestown is mentioned in several thousand pieces of literature that is put out by both the State and D-LSR for promotion of our area.

I have been Charlestown's Regional Councilor for several years. It costs me out of my own pocket from $3-6 for each of about ten meetings a year. I honestly feel that Charlestown gets much more out of membership in the Association than the amount that we put into it.

Sincerely,

Walter H. Palmer
